7.3. The invoice is open and you can resume the sale.

## 8. Placing Order

8.1. Food or beverage (or any other type) order can be printed on slips at the nominated destination (e.g. kitchen, bar etc). Order number will show "-1" in the rightmost column until it is placed. The items not ordered are shown in gray colour (colours can be cuctomised).

8.2. Click on the order to place it. The order number will be shown and the items ordered will be colour coded accordingly. Orders can also be placed automatically, based on the settings – either on full payment or exiting the sales screen.

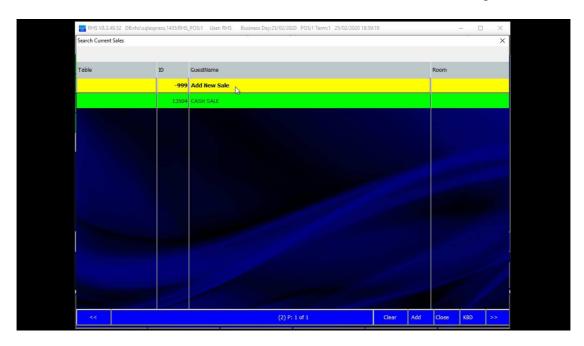

# 9. Splitting Invoice

## 9.1. Click on "Del/Xfer" button.
